DESIGN**PRO**

Generate Quick & Real Life Renders

Design Custom Space

Design space from **scratch**. Pick an existing layout & shape for designing the room such as Square, Rectangle, polygons ... Adjust its dimensions, and start **designing the scene.**

Expandable collection of Props

Create a collection of your product & 3rd party props such as **Furniture, Doors, Windows, Enclosures, Highlighters, Bath Tubs, Mirrors, Paintings,Plants** etc.

Product Catalogue

Import your product catalogue to Design Pro with ease. If required DesignPro can integrate with your PIM or CRM to automatically sync latest product updates. The digital precision and immersive precision enhance your products and brand image.

Business Verticals

DesignPro is the B2B platform that showcases products across many Business Verticals - **Real Estate, Bath Fittings, Paints, Glass, Doors & Windows, Tiles, Furniture, Furnishings, Interior Designers, Kitchen, Architects, Appliances, Lighting, Art** are a few examples. The platform is ready to use for InStore deployments for walk-in customers or for distribution to Sales persons & influences.

Cloud Sync

Leverage **cloud** to manage & distribute product/props collection instantaneously across geographic location.

Social Share

Share the scene and its artifacts such as **bill of material** & **360 view** with customers (friends & family). Artifacts generated for sharing can be viewed in compatible viewer/companion app.
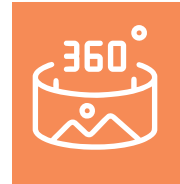

DESIGN**PRO**

Generate Quick & Real Life Renders

Design Modes

DesignPRO supports both **2D & 3D modes**. Use **2D mode** for quick designing and fine tuning - positions, rotation, alignmented of objects. Use **3D mode** for intuitive designing experience - rotate, move & scale objects, navigate within the scene, explore lights, day-night settings, apply colors, textures, tiles.

Multiple Views

Visualize your scene in multiple ways such as **360 view, VR View**. Use 360 view, to visualize the scene from all the directions without requiring a VR head set, using simple gestures such as drag your finger across the screen or move it around in different directions.

Login/Signup

Create **multiple logins** through platform. **Authorized access** to scenes. Features such as share scene and download scene won't be accessible to guest users.

High Quality Renders

Instant **high definition rendering.** Superior rendering capability through **V-Ray** (optional).
